LOOK, THINK, CHOOSE

Worksheet 5 of 5

Ocean Explorers | Suggested ages 5-7

Name: _____ Date: _____

Read each question and all the choices. Circle one answer. A grown-up can read aloud; you can point or say your answer, too.

Print on US Letter at actual size, or choose Fit for A4. Use single-sided printing for activity cards. Black-and-white printing is suitable.

25. Which sea animal lives inside a spiral shell divided into chambers?

A. Octopus	B. Sea star	C. Nautilus
		

Tell someone how you decided, or write a few words.

26. Which flat fish has wing-like fins and a long tail with a defensive spine?

A. Humpback whale	B. Seahorse	C. Stingray
		

Tell someone how you decided, or write a few words.

Questions 27 to 28

27. Which furry ocean mammal often floats on its back and may use rocks as tools?

A. Sea otter	B. Harbor seal	C. Walrus
		

Tell someone how you decided, or write a few words.

28. Which black-and-white bird swims in Antarctic seas but cannot fly?

A. Atlantic puffin	B. Emperor penguin	C. Brown pelican
		

Tell someone how you decided, or write a few words.

Questions 29 to 30

29. Which seabird has a colorful triangular bill and can fly as well as swim?

A. Atlantic puffin

B. Emperor penguin

C. Brown pelican

Tell someone how you decided, or write a few words.

30. Which shore animal often walks sideways and carries a pair of claws?

A. Sea star

B. Crab

C. Seahorse

Tell someone how you decided, or write a few words.

ANSWER GUIDE

For the grown-up

Ocean Explorers | Suggested ages 5-7

Keep this page separate from the child's activity. Read directions aloud when helpful, and invite the child to explain their ideas.

25. C - Nautilus

A nautilus uses the chambers in its shell to help float.

26. C - Stingray

Stingrays have a spine on the tail that helps protect them.

27. A - Sea otter

Sea otters can use rocks to open hard-shelled food.

28. B - Emperor penguin

Emperor penguins use their wings like swimming flippers.

29. A - Atlantic puffin

Puffins use their wings both in the air and underwater.

30. B - Crab

Crabs have jointed legs and a hard outer covering.

Keep exploring

Choose a printable question set. Talk about how you found each answer, then make up one question together.
