LOOK, THINK, CHOOSE

Worksheet 3 of 3

Where Food Grows | Suggested ages 5-7

Name: _____ Date: _____

Read each question and all the choices. Circle one answer. A grown-up can read aloud; you can point or say your answer, too.

Print on US Letter at actual size, or choose Fit for A4. Use single-sided printing for activity cards. Black-and-white printing is suitable.

15. Where does this peach grow?

A. On a tree	B. On a vine	C. Underground

Tell someone how you decided, or write a few words.

16. Where do pole-type green beans grow?

A. Underground	B. On a climbing vine	C. On a tree

Tell someone how you decided, or write a few words.

Questions 17 to 18

Tell someone how you decided, or write a few words.

ANSWER GUIDE

For the grown-up

Where Food Grows | Suggested ages 5-7

Keep this page separate from the child's activity. Read directions aloud when helpful, and invite the child to explain their ideas.

15. A - On a tree

Peaches grow on peach trees.

16. B - On a climbing vine

Pole-type green beans grow on climbing vines. Bush beans are a different growth form.

17. C - On a vine

Watermelons grow on vines that spread along the ground.

18. A - Underground

The beet root that we eat grows underground in the soil.

19. B - On a tree

Mangoes grow on mango trees.

20. C - As green shoots above ground

The green asparagus spears we eat are shoots that grow up above the soil.
